Academic Initiative Agreement

The purpose of this IBM Academic Initiative agreement ("Agreement") is to make available certain software, resources, cloud services for educational and non-commercial research only to qualifying students, employees or contractors with educational institutions. As an authorized representative, you accept the terms of this Agreement by completing the registration process at ibm.biz/academic

This Agreement and any IBM license agreements or any other agreements under which Eligible Resources are made available are the complete agreement between you and IBM regarding the use of those Eligible Resources. This Agreement replaces any prior oral or written communications between you and IBM regarding this offering. If there is a conflict between any of the terms of other applicable licenses and agreements and those of this Agreement, the terms of this Agreement prevail to the extent that the terms conflict.

Definitions
